

Thomas Wright

I am a dedicated self taught programmer, with a background in web development. I am an investigative and determined problem solver, with extreme attention to detail. I have committed many hours to learning new programming languages, and implementing them in real world projects.

EXPERIENCE

Nested Websites — *Freelance Website Developer/Owner*

MARCH 2022 - PRESENT

- Created a digital portfolio using ReactJS to advertise my skills to several technological companies.
- Designed and Developed small business websites through my own personal freelancing by networking my full stack developer skills.
- Implemented and maintained business specific software and websites for multiple small businesses and companies.
- Developed applications using HTML, CSS, Javascript, and cloud based databases
- Collaborated with business owners, and performed website audits for better search engine optimizations

Long Branch Police Department — *Police Officer*

344 Broadway, Long Branch, NJ 07740

April 2019 - PRESENT

- Maintained order and ensured the safety and wellbeing of the citizens within the City of Long Branch.
- Conducted investigations by gathering evidence, interviewing people and, employing logical and critical decision making.
- Maintained the operation of my equipment daily, such as my weapons, vehicles, computer systems, and software
- Leveraged my customer services skills to troubleshoot peoples problems, and come up with a solution within the scope of the laws and standard operating procedures
